

CONSTRUCTION SERVICES

*US PROPERTY
CONSULTANTS*

OUR SERVICES

Rehab

Including renovations and upgrades to the building, such as paint (wall, ceilings, cabinets). Lighting/Fans. Re-surfacing, Re-Configurations, Modifications.

Due Diligence

Performing pre-construction due diligence prior to the acquisition of land assets is critical to assess potential risks and protect your interests in any development venture. US Property Consultants will assist with the identification and analysis of these risks and provide recommendations on how to mitigate them through construction planning.

Reposition

US Property Consultants has the expertise to transform your most valued assets by working closely with designers to make your building new and vibrant. Revitalization projects attract new tenants and secure key tenants already located in the building.

Modifications

Including options such as adding a Conference Room, Mail Room, Club House, Gym, Offices, Parking Garages, Awnings, Dog Parks and much more!

Carpentry

Including renovations and upgrades to the building, such as exterior or interior paint (wall, ceilings, cabinets, re-stripping). Lighting/Fans.
